

Revised for 2006

AMERICAN CAR CARPETS, TRUNKS & MATS

Contour-Sewn (or "Sewn") Main Floor Carpet

Original style for cars from the 1920's into the early 1960's. Generally offered as a two piece set for most models. Seams on the tunnels and other complex curves allow the carpet to contour to the floor pan. Can be made from any material. Prices include padding and are for main seating area floors.

"Molded" Main Floor Carpet

Original style for cars from the 1960's to present. Most models offered in two piece up to the mid 1970's, and in one piece from the mid 1970's on, as original. Press molded to the shape of the floor with no seams. Prices include padding and are for main seating area floors. Heavy sound deadening mass backing is optional with Nylon Pile. See 4th column.

(If we do not have a pattern for what you need, we can make it from your original)

Additional Carpet Padding

Virtually all carpet sets come with jute/felt padding; however, you may desire additional padding to compensate for thick factory padding, or for better heat and/or noise reduction.

Jute/Felt
3/8" thick, compressed tan underpadding. This is the padding that comes standard with most carpet sets.
width price/linear yard
36/72" \$9/20 (1-9 yds)
36/72" \$7/16 (10+ yds)
36" . . \$150 per 25 yd roll
36" . . \$250 per 50 yd roll

Heat Shield
3/8" dense jute felt with layer of aluminum laminated to one side for heat reflection and reduction.
48" x 72" sheet \$40

Sound Down
1/4" thick acoustical foam with 1/8" heavy vinyl lining for superior noise and vibration reduction. Primarily for flatter surfaces.
54" width . \$25/linear foot

DynaMat Extreme

The ultimate product for heat, noise and vibration reduction. 1/8" butyl rubber with self adhesive backing and silver foil face. Molds to contoured floor pans & panels.
19" x 32" sheet \$30
1 case \$250
(9 sheets/case, 1 case/car flr)

Since 1956
